# ANTI-THEFT KIT USER MANUAL

### READ ME FIRST!

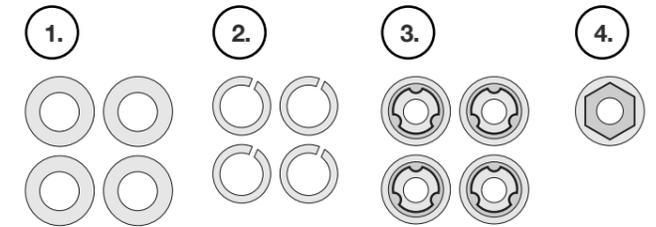

Thank you for purchasing a Sheepie Anti-Theft kit. Before you start using this product, we strongly advise you to read this manual carefully. Become part of our passion and explore like never before.

### IMPORTANT WARNING!

It is critical that all Sheepie products are assembled properly and securely assembled to your vehicle. Improper attachment could result in an automobile accident and could cause serious injury or death.

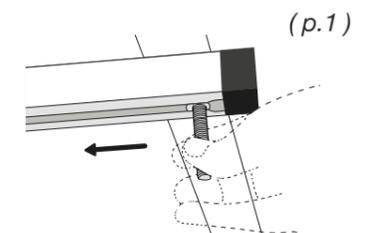

### INCLUDED

|   |    |                      |
|---|----|----------------------|
| 1 | 4x | M8 flat washer       |
| 2 | 4x | M8 locking washer    |
| 3 | 4x | M8 locking nut       |
| 4 | 1x | Fitting key (socket) |

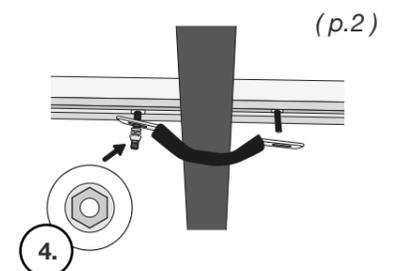

#### Step 1: Slide bolts (shown in p.1)

Slide the T-shape bolts into the rails from both sides.

#### Step 2: Positioning (4x) (shown in p.2)

1. Slide the T shape bolts into the middle hole of the rail
2. Place the U shape stator, m8 flat washer, m8 locking washer and m8 locking nut.
3. Screw lightly in advance
4. Screw the other side of U shape stator (repeat step 2.2)
5. Use the key (socket) to tighten the locking nut and apply the original plastic nut (hand bolt)

#### Step 3: Fasten (shown in p.3)

1. Make sure the tent is centered on your vehicle's roof and properly aligned with the mounting brackets.
2. Firmly tighten the bolts on each stator.
3. Once the tent is mounted, check its stability. Gently shake the tent to ensure it is securely attached to the roof rack.
